

# Improvement of Farm Homes.

The American Farmer.

The destiny of the farmer of the future is influenced in a great degree by the farm homes of the present generation. It is undeniably true that much of the responsibility for the movement of farmers cityward is due to the discomforts and inconveniences of the farm home. It is useless to decry the action of the farm boy and farm girl who go to the city because they foresee better things for themselves, while the fathers and mothers are hustling in the same direction. A wide acquaintance gives us abundant evidence that a great many farmers are looking forward to the time when they may move to town and "be-

conveniences which may be had for the farm home. They have perfected systems of water supply for the house that are as excellent in their operation and as effective in their results obtained as any city plant. The cost is decidedly low.

Furnaces, hot-water plants or steam heating devices are just as cheap, just as available and just as much to be depended upon as those in use in the city home.

For lighting, both gas and electric systems have been provided that are adapted to the farm, and in either case at a cost not out of keeping with the results to be obtained.

not be considered as property in any of the courts of this State.

All male persons between the ages of 21 and 60 years are liable to pay poll tax, except Confederate soldiers, or those persons incapable of earning a support from being maimed or from any other cause.

Nothing but personal property is to be assessed this year, but all persons who have bought or sold any real estate since last return are required to note such transfers on their returns for 1911.

All property must be assessed "at its true value," which is construed to mean "the sum of money for which such property, under ordinary circumstances, would sell for cash."

Please do not ask that your property be taken from the auditor's duplicate the same as last return, for the law requires that all property must be listed on regular tax return blanks assigned and sworn to by person listing same.

Name of township and school district must be given on every return.

Eug. S. Werts, Auditor Newberry County, Newberry, S. C.

WE EXAMINE EVERY BIT OF LUMBER before allowing it to leave our yards. For when we sell you first class lumber we mean that every piece must be of that character. We don't mix grades here. What you buy you get with no baits to make culls look first class and no culls to help out the profit on the better grades.
